

COVI-CANE SEASON IS HERE!

ARE YOU READY?

Build a kit

Make sure you have enough supplies to last for at least three days.

A basic disaster supply kit, should have the following:

- Water - one gallon of water per person per day.
- Food - non-perishable
- Battery-powered transistor radio
- Flashlight
- Extra batteries
- First aid kit
- **COVID-19 kit** including masks, gloves, sanitizer, alcohol and cleaning supplies
- Manual can opener for food
- Charged cell phones and power banks
- Store Important family documents in zip locked bags or a waterproof container
- Cash

- Medications both prescription and non-prescription such as pain relievers, anti-diarrhea medication, antacids or laxatives
- Glasses and contact lens solution
- Infant formula, bottles, diapers, wipes, diaper rash cream

Store items in airtight plastic bags or containers.
